Champion Duroc Boar, 2008 NSR Fall Classic

Sire: Megatron • Dam: TC Pi R Squared
Bred by RW Genetics, Neb. • Owned with Beyer Farms, Ill.
EN 145-1 • Reg 305739001

Full Shift was the Top-selling Champion Duroc Boar, 2008 NSR Fall Classic. We felt he was the best mature Duroc boar to be shown in the 2008 season. If he will stamp red barrows to look like him, they will be a force to be reckoned with for grand champion overall title!

Ladies Man

Sire Prenup 11 • **Dam** JFF 101
EN 2-3 • Reg# 309507003
Bred by Marty Fordice and Family, Ind.

A true breeding hog here. **Ladies Man** has a lot of potential to make females. Not only is he wide, heavy structured and expressive; but also is extremely sound. He takes a really long stride, while being square footed and clean jointed. His hip and hind leg are as good as it gets. He also has the four best red sows at Marty's stacked on top of each other. His picture was taken after being in the main boar barn on boar ration for six weeks. He truly has the whole package of a **Ladies Man**.

In the process of picturing this boar, I made the statement, "We had a Duroc boar that looked a lot like this before. His name was OJ." **Texas Red** has good feet and bone and excellent width, and he's tremendous through his chest, forearm and center rib. He comes at you and leaves you with equal width in a very sound package.

Gone and Done It

Sire: First Obsession • Dam: Kodiak

Bred by JR Armstrong, III.

Gone and Done it was purchased at 2009 WPX. I thought if all the boars were shown as barrows, he would win. He also had a littermate sister that won her class at the NJSS. This boar is very complete. Littermate gilts won their class at WPX and NJSS.

Oh, my, my! When our family was out to see the young boar, I think everyone's mouth dropped 100 miles. If we could make Poland barrows look like this, they wouldn't just be a champion, they would be a grand champion overall!! This is truly one to believe in and get very excited about.
