HONEYMOON **NEW!**

\$300 • \$300 | 10 dose contract/\$250 | Overrun/\$150

Impeccable x Royal Flush x Buck Cherry 1-6

Stress Negative | EN 12-1 | Reg # 362645001

Bred by Joe Eggers

Thank you, Joe Eggers, for sharing this one with us. Not many boars today are selected off a slatted floor, but that is exactly where I found **HONEYMOON**. My first observation was his toe quality striking the slats, then up to enormous and gigantic big legs. Then I noticed how tall shouldered and good looking he is. He has a great boar skull on him, and he cats around in the pen with no effort and maintains a super square travel pattern. I guess the only thing I haven't mentioned is teat quality, muscle, skin and hair. All pluses except he is a little lighter pigment than what I prefer. When we priced **HONEYMOON** we asked Joe if we could name him this because Joe has met his match in life with Jamee. I wish the two of them the best, and if you all want to meet your match, you may want a **HONEYMOON** as well.

TRUMP CARD **NEW!**

\$200 • 4 doses/\$175 | Overrun/\$100

Light Em Up x Challenger x Integrity

Stress Negative | EN 15-8 | Reg # 364356008

Bred by Marty Fordice and Family

I want to thank Marty for allowing us to purchase this masterpiece to place into the stud here in Chalmers. When Marty walked this one out of the barn I instantly saw the flawless design of his mother that was shown last summer. He is the square-built, good-looking, muscular, heavy-structured animal we are all searching for. **TRUMP CARD** has these same attributes coupled with an unbelievable texture to his skin and hair for a red one. To this day he has not been clipped and what a silk smooth coat he has. Do not miss out here! This guy is really good.

Bred by Rodibaugh Genetics

Owned with Marty Fordice & Family and Scott Graf & Family

We would like to think we can find some real breeding hogs that can make the future better! When we went to Kent Brattain's in March, We knew this one had to come to Chalmers! Through various offers and the KTB herd mark, becoming even hotter throughout the year, it was a no brainer to get him to Chalmers! This guy has us excited for the future! KING OF QUEENS is an extremely stout hog that has the added value of a good look – a hard combination to find. This boar is a big-bodied hog that has all the power and genuine muscle you need! This guy is stout, wide, and balanced with a look!

Littermate sister was the Champion Duroc Gilt at the 2015 World Pork Expo!

TRUE IDENTITY is one awesome young herd sire. This guy reads complete and off center as much as any young boar can. His complete look is the balance, extension, top line and squareness. The off center is that this guy drapes a huge amount of muscle on his skeleton that is flexible, square and extra sound with a beautiful look up front. This guy has **TRUE IDENTITY**.

IGNITE has us lit up here at Purple Power. This guy looks like a big-time barrow sire. His sire, **INCENTIVE**, has two shots of **SPECIAL COLLECTION** in him, and **LIFEBLOOD** was out of **LINE 'EM UP**, which was a **SPECIAL COLLECTION** offspring. The great granddam of **IGNITE** was also out of **SPECIAL COLLECTION**. **FULL SHIFT**, **PRENUP** and **TOTALLY AWESOME** are all in this guy's pedigree. About **IGNITE**, he is bigger footed, stouter boned and skulled than **SPECIAL COLLECTION**. He also has more lower butt. His shoulder height is awesome. He is wide, square, muscular and super sound. We have not had one that **IGNITES** us here at Purple Power like this one, in quite a while!

We were excited to bring **ASTROID** home from 2014 STC. After evaluating all the boars, we felt he was the only boar that brought us something slightly different to our already strong and deep set of Duroc boars at PPBS. **ASTROID** is not for every red sow, but those that need to be powered up with the best top shape, width and squareness need to look here. Starting at the ground, this guy has really good toes. His bone is big and flat. His width coming and going are wide and square. He is tall shouldered with moderate length of body and a really square hip. The turn in his center rib shape, and the round top and turn to his loin, has not been seen in a negative red one in a long time. We are excited to put this guy on females here to make awesome barrows. As with the red bucking bull on the PBR we feel **ASTROID** will still be at least 92 percent effective in kicking out great results.

FLASH DRIVE

\$75 • 4 doses/\$50 | Overrun/\$50

Rib Crib x Buck Fever x Deep Red
Stress Negative | EN 12-4 | Reg# 334953004

Bred by Flash Farms, Ind. | Owned with Beyers Farms, Ill.

FLASH DRIVE was purchased at the 2012 STC, in Louisville. **FLASH DRIVE** was the different boar at the show. His look and design are as good as it gets. His toes are square, joints are clean, teat quality is excellent, and he has a clean sheath. His color, skin and hair are right as well. This guy's widest point is at the ground. He is as ox-like as I have seen in a while. Unique, but not perfect – take **FLASH DRIVE** to those females that have power and use him to make them more correct and sound.

ROCK REVIVAL

\$100 • 4 doses/\$75 | Overrun/\$50

Crackin' Down x (Hype x God's Gift)
Stress Negative | EN 19-4 | Reg# 349793004

Raised by Joe Eggers, Iowa

ROCK REVIVAL was purchased at Duncan in 2013. He won the youngest boar class as an August-born. He looked awesome then, and he is even better now! **ROCK REVIVAL** has square toes, good bone, excellent joints, angulation and has a stout skull with a great look. He is tall shouldered, square built, muscular, balanced and sound.

Without question, **CHALLENGER** was our pick of the Duroc boars at the 2013 STC. It doesn't matter which end you start at – this hog is good! Tall shouldered, long fronted, square to the ground, big ribbed, muscular, heavy structured and square toed – all of this with muscle and soundness.

CUMMINS

\$75 • 4 doses/\$35 | Overrun/\$35

Bred by Blake Danner, Ind.

CUMMINS is a great compliment of both his mom and dad. **CUMMINS** is square in his width, big ended and muscular. He is tall shouldered, level topped and square hipped. This guy's strengths are pronounced. He has square toes, clean joints and a sound rear leg. For me, I love that he runs up hill. This guy's flex and angles at his foot and pastern are ideal. **CUMMINS** puts some things into a package that are hard to do.

EIN was a \$20,000 off-the-farm purchase in spring of 2015. Thanks to Russell for letting this guy come to Chalmers. Those that know me well know, I do not like to spend money like this often, so to say that Sue and I were blown away is an understatement! **EIN'S** skeleton, in my opinion, is as good as it gets. He has great toes, heaviness of bone, rib shape, squareness, both front and rear, and tremendous muscle. Couple all that with a giraffe neck and balance makes this guy a must use.

This guy comes out of an extremely deep, winning pedigree. His dam was Champion Bred-and-Owned, Reserve Champion Chester Gilt and 5th-Overall at the 2013 Team Purebred summer show. A littermate was Reserve Champion Chester Gilt and 4th-Overall at the 2013 WPX. She also was Champion and High-Selling in the open show. The granddam was Champion at the 2011 NBS®, and she was also high-selling. Now let's talk about **PUNCH LINE**. This picture was taken at just shy of four months of age. He has attributes that most Chesters need. I don't need to make a long description here – come see **PUNCH LINE** in person and let him speak for himself.

DECADE was purchased at STC 2015. Honestly the last thing I thought we would buy at STC was a Chester. With the four really good boars already standing in stud, our focus was not on this breed. However **DECADE** hit the ring and our eyes got big. This hog's unique build, squareness, bone, muscularity, extension up front and square travel caught our eye. Along with the fact his pedigree is a little different for us at PPBS. Ironically the Lopp family showed the Reserve Chester Boar 10 years ago at Springfield as well. That was Goliath which was a really good breeding hog. If karma has it, this one will be too.

Talk about a unique creature for his breed! Thank you, Russell Kneese, for letting us purchase this awesome hog. This one is stout headed, long necked and tall fronted. Talk about being Mr. Sexy! You follow that baok with one that is big backed with a ditch for a groove! He holds this over a bold, sprung-open rib. His back 1/3 is impeccable. Great set to his hip, which allows him to use his hind leg, while still being stout and wide with a robust skeleton. This guy is unique.

\$150 • 4 doses/\$125 | Overrun/\$75

Get Loud x Radio Active

Stress Negative | EN 2-5 | Reg# 157907005

Bred by August McIntosh & Family

RIGHT ROUND is a purchase from Duncan in 2013. Even though he was a baby in the mature show, he was Blake's first choice of all Spot boars there. This guy is extremely square, tall shouldered and balanced. He is muscular in an attractive, sound package. Barrows and gilts that look like this will win shows!

Grand dam is a littermate to ENTOURAGE. Great-granddam was a class winner at the Iowa State Fair Open Show. **ON THE RUN** was purchased at the 2015 WPX. **ON THE RUN** was purchased to be able to be put back on all the great females that have been being bred here at PPBS! This guy is unique in being tall shouldered, good looking and monster ribbed, on a running gear that is super flexible! **ON THE RUN** can fix some soundness issues if he sires the way he looks! Muscle, bone, balance and squareness all are really good!

Listen Up x Like No Other x Piranha

Stress Negative | EN 10-2 | Reg# 158813002

Raised by Joel Olson

Owned with Dustin Feldman

BOLD STRATEGY was a private-treaty purchase. Thanks to Dustin for letting us know this one was out there. On top of the fact that Dustin had seen this guy, I also talked to Shane Brinning, who had also seen this guy at the farm. **BOLD STRATEGY**, being stress-negative, peaked our interest even more. This guy's feet are huge with front end squareness and width. He has boldness to his center rib, which are awesome, and for a negative boar he had above average muscle. Couple that with his ability to take long fluid strides out of both ends, makes this guy something special.

SILVER TONGUE

\$150 • 4 doses/\$125 | Overrun/\$75

Changer x Entourage

Stress Carrier | EN 9-7 | Reg# 155243007

Bred by Jeremy Schneider and Family, Okla.

SILVER TONGUE was purchased at the 2014 NSR Fall Classic in Duncan, Okla. **SILVER TONGUE** is extremely stout through his skull, forearm, foot size, bone size, rib and his mass. Combine this with width and squareness from foot to the top of his skeleton. **SILVER TONGUE** has an excellent set and flex to his skeleton as well. Study how long and square this guy's hip is.

Potentially, **BOUNCER** is the meanest boar we have purchased. I personally love his attitude because he is so confident in himself that he thinks he owns the place. This guy is tall shouldered, good looking, square, sound and muscular. Showpigs that look like this reach the top of the class frequently.

THROWBACK

\$50 • 4 doses/\$35 | Overrun/\$35
 Premium Blend x (Live Action x Fireball x S and L x Reload)
 Stress Negative | EN 23-1 | Reg# 155377001

THROWBACK is out of the retired **PREMIUM BLEND** boar. His dam is the young Class-Winning, 5th-Overall and Champion Bred-and-Owned Female from the Team Purebred show in 2013. In my opinion, this is one awesome animal. Foot size, bone, squareness, flexibility, muscularity, balance and design are all top notch! His only negative is that we about lost this guy after weaning, and he could be slightly bigger for his age. His frame score is not as big as **PREMIUM BLEND**, yet not too moderate, either. Easily the best Spot male we have ever farrowed here at Purple Power. Use with faith that his offspring will be good.

GODWIN

\$100 • 4 doses/\$75 | Overrun/\$50

Heat Stroke x Torge x Man In Black x Stimulus

Stress Negative | EN 142-1 | Reg# 120275001

Raised by Kyle Stephens, Texas

Kyle bought the **STIMULUS** granddam at the 2010 Belton and bred her to **MAN IN BLACK**, with a barrow out of that litter being named **Champion** at Houston, in 2011. He took a littermate sister and bred to **TORGE** and made the **Res. Champion Barrow** at 2012 Houston. He also retained three littermate sisters out of that litter, which remain his only Berkshire females on the farm, today. One of those is 120-9, who raised the **Champion Berkshire Barrow** at Houston, in 2014. She is also the dam of **GODWIN**, who came in her previous litter. As you can tell, **GODWIN** has some sow power behind him, and in my opinion that is where great hogs come from. **GODWIN** was injured when we first received him at Duncan in a package deal, so we let him stand to heal. Being tough and durable, he is ready to roll.

TARGET PRACTICE

\$100 • 4 doses/\$75 | Overrun/\$50

Gunslinger x Cadillac

Stress Negative | EN 37-1 | Reg# 130357001

Raised by Dan Burzlaiff

TARGET PRACTICE was purchased at the 2015 WPX. This guy has good structure by having big feet, square toes, and being heavy boned and flexible. His square build, big rib and balance makes for a really complete, correct boar.

\$75 • 4 doses/\$50 | Overrun/\$35

Main Attraction x Private Selection
Stress Negative | EN 3-2 | Reg# 129504002
Bred by Marcus Miller and Family

PRIVATE ATTRACTION is a good-built Berkshire boar that is good where I think some Berks could be better. Top line, rear foot pastern with a great look and extension through his head and neck. He has good muscle, squareness and soundness in an attractive, balanced package.

Bred by Hurliman Brothers, Ill.

TRUST FUND was bought at the 2014 Fall Classic. **TRUST FUND** needs to be used with extreme caution! I repeat, **TRUST FUND** needs to be used with extreme caution! If your goal is not to moderate them, make them heavy boned and wide, this one would not be for you.

PROVEN POINT

\$100 • 4 doses/\$75 | Overrun/\$50
Point Maker 118-3 x Home Grown
Stress Negative | EN 4-2 | Reg# 484895002
Bred by Ashleigh & Braxton Funkhauser, Ind.
Owned with Kent Brattain & Family, Ind.

PROVEN POINT is a Hampshire boar that is truly built tough. This boar is tremendous on his feet and legs and still has genuine muscle. When you first look at this guy, you think square. It does not matter whether he is in the pen or on the move, his foot stays on the corner of his skeleton but does not exceed it. When this guy comes right at you, it is hard to make a chest view like this, as he is not in at his knee nor does he come in from shoulder to foot – he is dead square! When you drop this hog out of his pen he can go all day long, because the slope to his hip is dead perfect. He takes a long stride, you even can see the bottom of his foot when you step right behind him on the move. This guy is unique in being so complete and balanced, but still has the muscle we are looking for today in show barrows. He is a big-ribbed hog that has the performance needed in hogs today.

RAINY DAY

RAINY DAY was the Champion Poland Boar at the 2014 Fall Classic. This guy's pedigree is stacked along with the fact that Curt Watson is one of the hottest breeders in the Poland breed, right now. This, coupled with this guy's phenotype, makes **RAINY DAY** a sure bet. I think **RAINY DAY** is as square, balanced and correct as you can find. Good **RAINY DAYS** allow for prosperous times in any circle of life.

Stress Negative | EN 4-1 | Reg# 43775001

Bred by Keith Iberg and Family, Ill.

Owned with Pfeiffer Farms, Okla., Randy & Jan Allen, Ill., and JR Reid, Mo.

We finalized the deal on **NASCAR** a week before the 2013 STC. We are so happy we did, because we felt he would have scared away the competition. This guy's running gear is extremely square, straight forward and correct. He's tall shouldered, good ribbed, muscular and balanced. Get on track with **NASCAR**.

GOING GREEN

\$100 • 4 doses/\$75 | Overrun/\$50

Revolution x Green Top General

Stress Negative | EN 25-12 | Reg# 12824012

Owned with Kent Brattain and Family, McGrew and Troy Walker

GOING GREEN was the Champion Landrace at Belton in Spring 2015. My thoughts are he was the best boar for his breed at the show. He is square, sound, tall shouldered, big ribbed and heavy muscled. He also has the traditional ear for a Landrace. Use this one with confidence.

KOOL KAT

\$100 • 4 doses/\$75 | Overrun/\$50

Bad Cat x Slingblade x General Lee

Stress Negative | EN 1-5 | Reg# 127985005

Bred by Kent Brattain and Family, Ind.

KOOL KAT was a private-treaty purchase from Kent Brattain in spring 2015. He is a littermate to the Champion Landrace Gilt at the 2015 Fort Worth Stock Show and San Antonio Open Show. His dam was Champion Landrace Gilt at the 2013 NUSA WPX Jr. Show. **KOOL KAT** has what many Landrace need right now. His toes are big and square, his bone is big and way above average for a Landrace. He is tall shouldered, good looking, extremely square, both front to rear, with good muscle and great balance.

DRESS TO KILL

\$100 • 4 doses/\$75 | Overrun/\$50

Here And Now x WOW x Big Splash x Prom King x Reality Check [Here And Now's littermate Sister]

Stress Negative | EN 1-3 | Reg# 552487003

Bred by Blake Danner, Ind.

DRESS TO KILL has been special from birth. He is bred to breed on true and honest, being a **HERE AND NOW** back on his littermate sister. He combines all of the good in that litter of **HERE AND NOW'S**, which included Blake's Reserve Yorkshire Barrow at the 2012 Indiana State Fair, a Class-Winning Gift at the Indiana State Fair, a Champion Yorkshire Barrow at the White County Fair that ended up being fourth overall, and three other class winners at county fairs. Every hog has a fault, and his fault is not being dead perfect at his knee. Other than that, this guy is easily the best Yorkshire, and maybe the best hog, we have ever raised. I feel you can breed to this guy with total confidence to make purebreds or crosses. He is special, he is **DRESS TO KILL**.

CREATIVITY **NEW!**

\$150 • 4 doses/\$100 | Overrun/\$75

Dress To Kill x Pruda (Dress To Kill's mom) Wow x Big Splash x Prom King x Reality Check

Stress Negative | EN 9-3 | Reg# 565364003

Bred by Blake Danner, Ind.

CREATIVITY is exactly that! He's off the charts, out there or just insane. We bred Dress To Kill back to his mom, and it worked! He has extreme look in this area. Creativity is unique in front end build, squareness, head and neck carriage and bold rib which are all way out there. There will probably never be a picture because he has his grandpa's ability to run, and run fast! Things are going to get real creative around here with him in the stud.

WOW (WALKS ON WATER)

\$50 • 4 doses/\$35 | Overrun/\$35

Buck Fifty x Cannonball

Stress Negative | EN 53-4 | Reg# 507553004

Raised by Thompson Bros., Ohio

Owned with Rodlbaugh Genetics Team, Inc.

WOW could stand for a lot of things, but in this case it's "WALKS ON WATER." Sue says we should have named him Forrest, as in the movie, because this guy runs everywhere. He did that at the show and still does that when you try to photo him. The pictures don't come close to capturing how this guy looks in person. We photographed **WOW** empty – empty meaning out of feed and water for 24 hours trying to get him to pose for the photo shoot. He obviously is super sound. His toes are square, joints and angles are excellent. This guy isn't the most in all areas, but he has more than enough. He has that **WOW** factor in completeness, attractiveness, cockiness and balance.

HERE AND NOW

\$75 • 4 doses/\$50 | Overrun/\$35

WOW x (Big Splash x Prom King)

Stress Negative | EN 8-6 | Reg# 529088006

Bred by Blake Danner, Ind.

HERE AND NOW is out of a purebred female from OSU. A littermate to **HERE AND NOW'S** dam won his boar class at the 2011 WPX. His granddam is a littermate to **JUMP START** at A Cut Above. **HERE AND NOW** comes from a very strong litter. He is square, athletic and muscular – all with look and balance. **HERE AND NOW** is a really good hog!

BOB NEW!

\$150 • 4 doses/\$125 | Overrun/\$75
Chunk x WOW (Skull's littermate sister)
Stress Negative | EN 5-4 | Reg# 571753004
Raised by DJ Sanders

BOB comes from an extremely deep litter of Yorkshires. Several gilts doing well, which include Morgan Cox's York female at the NJSS. A littermate boar sold for \$10,000 to Upperhand Genetics. Without a doubt, **BOB** was the best hog in this litter as a young pig.

3rd Overall Yorkshire Gilt, 2015 NJSS
Littermate sister to Bob

HOME REMEDY NEW!

\$100 • 4 doses/\$75 | Overrun/\$50
Dressed To Kill x Taloga x Pruda (Dress To Kill's dam)
Stress Negative | EN 21-5 | Reg# 570352005
Bred by Blake Danner

HOME REMEDY comes from a good litter with a littermate brother being Champion York and 4th-Overall at the White County Fair, Ind. His dam was a class winner at the Indiana State Fair in 2014 and a littermate to this granddam wins her class at the Indiana State Fair in 2012. Strengths to **HOME REMEDY** consist of balance, being square built, having a great topline, and a tremendous hip and hind leg, plus, being stout featured with a good look.

CHUNK 22-1

\$75 • 4 doses/\$50 | Overrun/\$35
 Taloga x King George x Cubic Inch
 Stress Negative | EN 22-1 | Reg# 558046001
 Bred by Blake Danner, Ind.

CHUNK gives everyone an awesome opportunity to reach back in time in genetics and have a more present phenotype. His sire has **SQUARE DEAL** on the bottom side of both his sire and dam. **SQUARE DEAL** is a **FULL POWER 46-4** x 46-6 littermate mating. On **CHUNK'S** dam side, his granddam is the old **CUBIC INCH** sow at WinTex. As for the boar, this guy is wide and stout. He is muscular, sound and balanced. Potentially, the best thing about this guy is he looked the same as he does in this picture from crate to now. He has been in the boar barn since 120 pounds and has been fed half boar feed and half 16% feed with no additives. What you see is what you get here. This guy is one unique breeding piece. If you like them wide with muscle and an inch groove, take note of **CHUNK**.

TITANIUM

\$75 • 4 doses/\$50 | Overrun/\$35

 Stress Negative | BF .65 | LEA 8.4 | EN 3-12 | Reg# 543056012
 Bred by Agle Daulton Showpigs, Ohio
 Owned with Rodibaugh Genetics, Ind.

TITANIUM is one of the true finds of the 2013 STC. He was potentially the heaviest-boned boar with that frame score and youthfulness at Louisville. His width of skull and length of head and neck carriage are unique and are hard to put together in this type of boar. Awesome for making Yorkshire and blue barrows.

GIANT PAWS **NEW!**

\$250 • 4 doses/\$200 | Overrun/\$125

Nonstop x Swagger x Hillbilly Bone

Stress Pending

Bred by Michael Showpigs

This would be one of the most exciting private-treaty purchases we have had! This one offers the unique look with so much foot and bone it looks otherworldly good! This one has genuine muscle on a wide square skeleton! I will let this guy do his own talking because we feel like this one can make the industry better! We appreciate the business the Michel family has offered us! To add on top of this, his mother was the Grand Champion at the Indiana State Fair in 2013!

FIRING SQUAD **NEW!**

\$250 • 4 doses/\$200 | Overrun/\$125

Trigger x Suzanna (Toxic 23-5 x Morebody)

Stress Carrier

Bred by Midwest Genetics

This firm needs no introduction with the amount of good ones they produce! It just happens we bought a boar that has the same dam as **MONUMENTAL**. With all the greatness **MONUMENTAL** has had we feel like **FIRING SQUAD** has the potential to have even greater achievements than his half brother! Talk about one that pushes all limits but is still so complete! That can not be said very often! A stout-featured boar, that comes at you with a big square chest floor, follows that back with big stupid back over a giant rib! Then you step behind him and he carries that mass all the way through to the lower third of his body! **WOW!** Talk about a game changer. He has all this with a tall fronted, balanced look and an athletic hind leg! Needless to say we feel like this one can improve crossbreeds where they need to be better!

TAJ MAHAL **NEW!**

\$175 • 4 doses/\$150 | Overrun/\$100

Hillbilly Hilton x B57 x RedBone x

Hillbilly Bone x Soundsystem

Not very often do we talk about flaws in a hog. However, this hog has one fault and that is he is not in my show barn as a barrow for our state fair. Hogs that are built like this don't just win county fairs – they win big time! This is a stupid sound boar, that offers a freaky square build, coupled with some big legs! Where he really gains his advantage is he has an awesome rib shape! He also has more than enough muscle to play big time. Two words to describe this one are balanced and athletic! If you can't tell, we are kind of high on this one, and there are a lot of reasons we should be!

Talk about a creature! This is a triple bred HILLBILLY BONE! This is a stout, rugged-made hog that has an athletic running gear. He has the right rib shape, muscle and just sheer mass to win barrow shows. Look, athletic, power and build the right kind for the majority! If you still want to be classy with out using bears with the hype chase in their favor, look no farther then Marriott!

CAUGHT NAPPING **NEW!**

\$100 • 4 doses/\$75 | Overrun/\$50

Trigger X Limitless

Sitress Negative

Bred by Greg Thompson and Family

This is one of our exciting new purchases from the 2015 WPXI! We have learned that through the years some of the least expensive ones breed on just as good or even better as the high dollar ones! **CAUGHT NAPPING** gets his name because various amount of people said they were going to try to buy this hog but were **CAUGHT NAPPING!** We understand why. Make a front third like this that is so bold in their chest floor, yet still extended in their head and neck with a stout skull! What is even more impressive, when you get on top of him, he has a big back that sits on big feet and bone work! When you step right behind him he has the show barrow deluxe with a big stout pin set that allows him to drop deep in his crotch! Add this with being a sound, flexible boar that stays so freaky square in his build with a balance from the side!

RED ROOF **NEW!**

\$100 • 4 doses/\$75 | Overrun/\$50

Trigger X Limitless

SUPER GOOD

\$100 • 4 doses/\$75 | Overrun/\$50

As Good As It Gets x Supermonster

Stress Negative | BF .78 | LEA 9.2

Bred by Mark Gray, Okla.

SUPER GOOD is our exciting purchase from Mark Gray at the 2014 Crossbred Classic. This boar makes hogs with the X-factor. His is big legged and caged, great looking and awesome structured. He passes this off to his offspring. He makes great litters of pigs!

NO MERCY ON ME

\$75 • 4 doses/\$50 | Overrun/\$50

No Mercy x Supermodel

Stress Negative | BF .82 | LEA 10.2

Bred by P and N Showpigs, | Owned with Gary Fender

NO MERCY ON ME has a unique ability to cover a large area with tremendous ease. His long, square stride with his awesome look, head carriage and tremendous rib shape make this guy very interesting. He has a great balance and good musculature, as well.

MOUNTAIN TIME

\$100 • 4 doses/\$75 | Overrun/\$50

Mountain Man x 9 to 5

Stress Negative | BF 0.6 | LEA 9.5

Bred by Ray Show Pigs, Ill. | Owned with Fender Club Pigs, Ohio

MOUNTAIN TIME was a class winner at the 2013 Crossbred Classic. This guy's feet are big and square, his bone work is big and flexible. He is a square-made boar that travels with ease. He comes in a little bit more moderate package with really good muscle. Nathan Ray said this was the most anticipated litter for the 2013 winter group. All five gilts are retained to become sows. His dam is a gilt herself and maternal granddam is the best generator ever to be at Ray Show Pigs. She raised the Reserve Grand Commercial Gilt at the 2012 Iowa State Fair and Champion Lightweight Dark Cross at the 2012 San Antonio Stock Show, plus numerous other winners.

WALK IN

\$75 • 4 doses/\$50 | Overrun/\$50

Times Square x Covershot

Stress Carrier

Bred & Owned with Albright Swine Farm, Mich.

WALK IN'S dam is a true generator. In 2013, eight out of her litter of 10 won a show, and she put two in the top five overall at the Michigan Livestock Expo. **WALK IN'S** build and skeleton is unmatched. He doesn't take a bad step! He has a show-barrow look up front and should produce a skeleton that's easy to feed.

UNDISPUTED

\$100 • 4 doses/\$75 | Overrun/\$50

Speechless x Fatal Attraction x Super 7 x Alias

Stress Negative

Bred by TKO Genetics, Okla.

UNDISPUTED comes to us out of a great sow family. His dam was Reserve Grand Gilt at the Oklahoma State Fair in 2011, which is also the dam of Solidify at TKO. The granddam is also a littermate to the dam of Super Monster. She produced the Bronze barrow at OYE in 2010. She also raised the Reserve Grand at the Oklahoma State Fair twice, plus numerous class winners at majors in the southwest. As for **UNDISPUTED**, he has good toes, big legs, clean joints, square hooks and the angles to his skeleton are right. He is tall shouldered, long fronted with a great look, good length of body and a long, correct hip. As for width and muscle, he is really good, and the turn out of his blade to his center rib and shape out of his blade to his loin both are ideal. I hope what I described here is a near-perfect hog. Take notice!

SWEET EMOTIONS

\$50 • 4 doses/\$35 | Overrun/\$35

Sweet Tooth x Toxic 28-3

Stress Negative | BF: .97 | LEA: 11.1

Bred by AJ Lewis, Iowa

SWEET EMOTIONS was purchased at Duncan in 2012 and was named second in Class 5. **SWEET EMOTIONS** was one of the truly square, super-sound, big-ribbed, well-designed boars of the show. AJ believed in him enough that he had several females already bred to him for his 2013 spring crop. All reports from those that have seen him at the farm, said he was incredible as a fresh hog and knew he was a boar that had lost just a little zip. I think we need to make hogs sounder and squarer, and he fits this bill. His sire had a great summer siring winners across the country.
