UP THE LIMITS

UP THE LIMITS is our \$100,000 purchase at Expo 2022. My good friend Mickey Bellamy asked if I would help with commentating on Walton Webcasting, so I had a good view of the boars coming in. For me his name could have been first sight because he hit me hard. Unlike any I had ever seen in my 20 plus years in the boar business. That night when we got him up that feeling got even stronger. I had to contain myself to not be like the kid in the candy store. I wanted this one. Yes UP THE LIMITS. I knew it would take a lot more than I prefer to spend but he needed to be in Chalmers regardless the figure. Therefore, UP THE LIMITS. This guy defies odds in putting look, build, body cavity, muscle, foot and bone into one incredible package. His ability to have absolute huge bones that aren't short and looking like a true man combined with elegance and athleticism. I am writing this on Monday July 11 and for me whether his name is UP THE LIMITS, First Sight or No Return. This one captivates me. CKD

MOTIVATION is a off the farm purchase from Brett Beyers in June 2021. We are super excited to add this guy to our battery. MOTIVATION comes from a packed genetic lineup that is fairly tight on both sides of his pedigree with a prominent 59-10 sow that Brett speaks highly of. In our opinion great breeding boars come from great sow lines. MOTIVATION is a boar that when you first look at him you see this boar skull and giraffe neck. I next see his huge feet and bones, wow is he dense. His squareness of chest, boldness to forearm, shape down his back, muscle from behind and the ability to take a long stride prove to be very positive for this guy. I can only speak for myself but this guy gives me MOTIVATION to breed more red females. MOTIVATIONS LITTERMATES WERE 3rd and 5th OVERBALL BARROWS at NJSA SUMMER SPECTULAR

Vegas Odds is a boar that Blake and I found while we were out touring the country side. After some debate Doug was persistent about showing this hog to the public at The Exposition. To be Honest, this pig did not fill up at the show like he was at the farm. This is to our benefit as this pig hit us very, very hard when he was drove out at the farm. A hog that has great proportions with dead square on both ends with a long hip and proper set to his hind leg. We think this pigs ability to generate livestock with quality and barrow proportions is very high. We are for sure that Vegas Odds are in our favor and plan on utilizing this one heavy in Chalmers.

GRAB THE ROPE is the mate brother to the boar we bought at Expo 2022 from John. GRAB THE ROPE is really sharp in his look with a huge cage and a shorter back. His root of his tail is huge!!! Still heavy bones and sound. GRAB THE ROPE is a name that we had to use this time. It has a story behind it that is interesting.

Stay In Your Lane comes from the same dam as Welcome to The Show. This guy is one stout dude. He is potentially one of the biggest legged boars we have in the red breed here in Chalmers. For as dense as he is, he can still take long square strides. He is long fronted, tall shouldered, bold bladed, with rib and body. He has a big back and a long hip as well. I have liked this ones since the crate.

55 comes from my favorite litter of reds to ever be born in Chalmers. He had 8 sisters and 1 brother. The dam is starting out well in her career as well. Her first litter last March she raised the gilt Emma Garland showed at NAILE that was champion and third overall. Second litter was the Grand Male pig in the sift at Duncan last fall. This is her third litter with a bunch of competitive gilts that their targets are state fairs. 45-7 the dam has raised at least 9 fat ones in each litter so far. 55 himself has good toes, big legs, sound with look and muscle. The best boars we have been around have always had elite mommas, 55 has a chance and will get used here in Chalmers. CKD

DOS EQUIS was a private treaty purchase spring of 2022. DOS EQUIS has a lot of the look, extension and stoutness of his sire but the bottom side of his pedigree is where it is for me. Bomb Squad has done a really good job and in my opinion Joe's best pigs have had 69-2 in the pedigree. This guy seen a couple of our very best sows for summer litters.

This winter he spent his time away from home because of space issues and was fed 16% feed once a day and watered once a day in a sow tub. I tell this because as he has grown out, he still looks good, the same as when he was a shoat. Really complete, good looking, square and not screwed up.

The part that set him ahead for me is when we make hogs as stout as DILIGENCE they normally don't have his athleticism and length of stride. His bones and feet are big. His body cavity looks like a 55 gallon drum. He walks square and has a herd boar skull. We may not be known as the Berkshire capital of America. However we have DILIGENCE.

I absolutely love Dynamic. I am all about buying boars out of prolific females, his dam was 4th overall Yorkshire at WPX 2018 and his litter mate sister was just named 3rd Overall Yorkshire Gilt at the 2019 Exposition Jr Show. Dynamic was purchased the week before and we at Purple Power are super excited he is here. Dynamic is a really complete ,balanced boar that is not screwed up anywhere. His ability to be good looking,tail shouldered,square built,sound with muscle are all PLUSES. He is long fronted and a bit shorter from flank to flank yet still is an elevated boar. Potentially the most important thing is when you walk up to the pen he always demands your look every time.

UPHEAVAL was an older Boar we purchased out of the 2022 NSR Draft. When visiting with Mike he thought this guy was potentially the best they had put together. That is a big statement being they have made a few really good ones including Brother to this guys dam. Upheaval is stout, good looking and longer hipped.

Blake purchased Lions Den from Brent privately after viewing a very deep litter of Hampshires. Blakes comments to me "This one is your type dad". He was right. This square, good looking boar is very good. I love his angles and length of stride. His shape to his rib, muscle in his top and hip and length of front make this guy one to put on the short list.

How you doing? This pigs is hard to describe in many words other then Elite. His mother was the same quality and to date my favorite pig I have ever had a chance to lay a brush on in show shape. How you doing's sister has been tried to get purchased by every single person that has seen her. Bottom line a line of very good animals that bring balance, proportions, and build to an extra high level which is hard to do in this breed. Blake

HOWDY DOODY

MARVEL X LOOK AGAIN

REG#: 507516003

EN: 30-3

BRED BY: ANDY PLATNER

Howdy Doody Howdy Doody comes from Andy Platner where I found him and was the first ever boar purchase I made on my own dime. I dang sure made it one we could use heavy on our own sow herd. This pig has enormous feet and square toes. His hind leg works very well combined with an intangible side balance. This pig has a pretty different pedigree as well Marvel X Look Again X Point Taken 257-3 X Home Grown 99-3 X Decision (Sow directly from Brink). We are working on making our Hampshire's different and think the two winter purchases can do that.

DIRECT APPROACH

PERFECT PURITY TEST

BRED BY: LEWIS FAMILY, IOWA

Direct Approach is the champion and top selling Hampshire Boar at \$85,000 we purchased at Des Moines 2020. When we pulled out of the driveway heading to the show, Susan and I's focus was to buy the best Hampshire we could find. Not only do we feel like we accomplished that, but a Hampshire boar we feel that is one of the best we have ever seen. Potentially with us spending 85K some would think his name could have been "Shocker".

To us it is simply Direct Approach. Direct Approach is a boar that doesn't need very many comments, in my opinion. Feet, legs, squareness and build, and look and balance with muscle are all extremely good. Don't let this guy haunt you, just go for the Direct Approach.

HIGH Speed was purchased at Duncan 2021 with Kirby Knaupp. For those younger people that don't know Kirby, you should. He can teach us all on good, sound, functional hog production. HIGH SPEED appears to be a boar that can help with those traits and his sire resides at Jerry Macklemore's and the dam of HIGH SPEED came from Joe Lancaster. Two guys that have raised and set the stage for Hampshire breeders.

MISCONCEPTION

MISCONCEPTION was our pick of the little pigs at PT 2021 and we are excited to have him. I got a chance to feed his mother as a show gilt for the OFARRELL family where she looked like a difference maker in her type and kind. MISCONCEPTION honestly looks like a 2022 show barrow that wins in the biggest stages. The objectives could go forever STOUT,BROAD,SQUARE,AWESOME HEAD-SHAPE, and GOOD MOVING. We like this pig a good deal and there might be a MISCONCEPTION that there is one of this caliber of this breed in Chalmers, But he is worth the drive over.

BRED BY: DANNER LIVESTOCK

Bouncer Honestly in our industry sometimes the hardest thing in my mind is give credit to something you have put together. Bouncer is the kind we are proud of and one I think will leave an impact in our sow herd. I got a good buddy that preaches broadness and function of rear leg and this hog does that to the highest degree. This one has the build, form, function of a rear leg to win big pig shows. I see Bouncer as a boar that will allow you to have show barrows and gilts that could make a big impact in your sow herd. Blake

Black sheep was purchased at the Chosen Ones spring 2021. Thank God he was determined to live. He got pretty sick coming out of that and had enough to fight and stay alive. We are very happy he did, because he will see several females here in Chalmers. His silhouette from the side is second to none. His look, square skeleton, correctness to his structure are his strong suits. He had good toes and bones. His head and neck carriage are really good and he has a descriptive muscle shape to his top. BRED BY: CORY McDONALD, IOWA

DRY SPELL was purchased at Des Moines 2020. This guy was my favorite boar in the cross show. DRY SPELL's ability to read like a breeding boar starts with his skull. Good looking yet stout, His bones are big, his look from the side is incredible, his transition from blade back is second to none with a very shapely top and rib shape to kill for.
