BLACKJACK was purchased at the Tres Spring Live Sale 2023. This litter was very popular with him and his mates totaling over 70,000. Blackjack has grown into a very athletic boar that is stout, square and good looking. His dam won a lot of banners and we expect BLACKJACK to produce those as well. OWNED WITH BOBELL FARMS, DANNER LIVESTOCK, KILMER SWINE FARM and TRE AMGIOS.

UPSIDE was the 50,000 Purchase at HH Spring Farm Sale 2023. UPSIDE defies a lot of odds in what he puts into one package. His foot, bone, strong pastern ,squareness ,muscularity ,length of neck, elevation of shoulder ,soundness and length of stride are what I am talking about. Don't be on the downside of this one use UPSIDE.

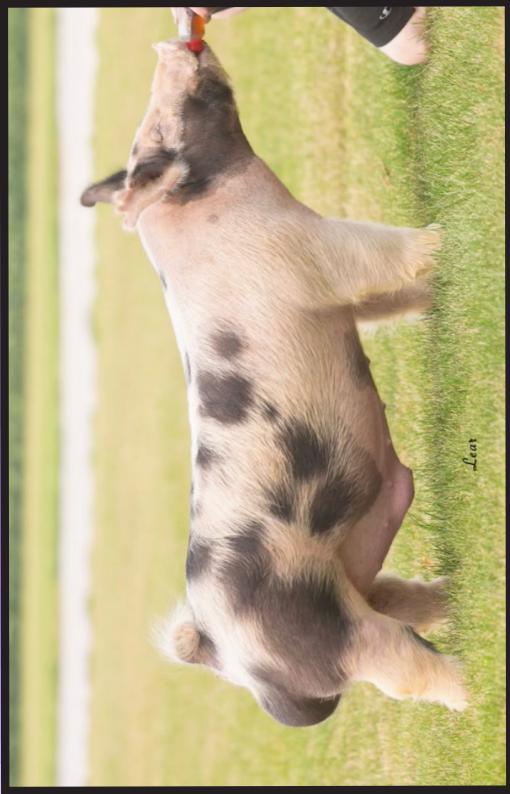

What a litter this pig came out of and being raised by one our good buddies Brock Herren. SnapBack is a mate to the champion gilt 23 exposition and the champion barrow at Louisville 23. This guy has so many admirable traits that need to be mass produced. He is loose built, stout structured, hairy and very comfortable in his skeleton. This kind never go out of style and we expect big things out of SnapBack in 2024

Swanky is a pig that offers a lot of hard to build pieces in one package. He was bought out of Bobells Second Farm Sale from Soileau. He was a little pig at that sale I admired for stoutness of skull, Build, and feature. He has grown out to be the same way as he is really expensive looking. A pig that we look forward to using in our program moving forward to make those pigs that are the right kind to win at all levels.

TARZAN is one dense animal. Foot, bone, boar skull, barrel ribbed, short backed, level designed, square and sound best describe this creature. He is seeing a fair amount of use here in Chalmers along with the Rodibaughs and Drawdys using as well. TARZAN is one for the short list. PS Blake Danner tried to buy him as a 40-50 pound shooft for a fair sum of money!!! CKD

JERICHO was our pick of the boars at Perfect Timing 2022. He was one of the bigger boars there pound wise, however, Blake, Sue and I all thought he was the most dense and good proportioned boar there. At this point, he has grown into all that we could have asked for. JERICHO is a must see because he won't disappoint. STOUT, STOUT, STOUT with a great look, squareness, soundness, muscularity and super proportions. CKD

EMOTIONAL DAMAGE was purchased at Wintex Bred Female sale in May 2023. He is one impressive individual. Blake and I seen him in person and after viewing a lot of very good hogs EMOTIONAL DAMAGE surfaced for us as one we would like here in Chalmers. Impressive Individual really does not do him justice. I think this guy is an absolute stud and has become very popular on boar tours. In My opinion if you want to come look at a mature Cross boar that looks the part make a trip to Chalmers to see Emotional Damage .

Back 40 is a pig that Chris and I found when we were on our hunt in the southwest. We found him after a long quality tour at DL genetics running out back. A pig that is really different pedigree compared to most of the popular boars across the country side. We like this pig for his balance and build. A pig that is absolutely wild looking and runs up hill, while still maintaining a proper rib design. He is very square and looks like he can generate stock that have the right kind of the look to play at the highest level.

PUNCHY was purchased from Dan Young Livestock. His side design is unparalleled for 2024. The look he gives you coming out of the block catches a pen every time. Combine that with the ability to take a long stride out of both ends of his skeleton. Then the guy has a very shapely back that even makes this old bald man scratch his head. His dam is a mate sister to the champion cross barrow at the Alternative in 2020. This guy is really good, he is PUNCHY CKD

MISCONCEPTION was our pick of the little pigs at PT 2021 and we are excited to have him. I got a chance to feed his mother as a show gilt for the FARRELL family where she looked like a difference maker in her type and kind. MISCONCEPTION honestly looks like a 2022 show barrow that wins in the biggest stages. The objectives could go forever STOUT,BROAD,SQUARE,AWESOME HEAD-SHAPE, and GOOD MOVING. We like this pig a good deal and there might be a MISCONCEPTION that there is one of this caliber of this breed in Chalmers ,But he is worth the drive over.

DELUSION is a Boar we raised in the winter of 22/23 and have been high on since his feet hit the floor. DELUSION ability to be as stout featured as he is and be so correct in his foot and bone placement is second to none. His presence is real. His trave is square and muscle and look are real good.

COLD HEARTED COWBOY is the changer type. He is neat necked, No Crest, tiny eared, and has a hard ditched back. I would breed him to softer, plainer made sows that need a sharper overhaul. His offspring will be boxy and have that tricked out look.

SURFIRE was and off the farm purchase from the Rodibaugh's. This guy comes from a really good litter and he himself is a stout, square, good looking boar with a monster rib, top and hip. His balances and proportions are very good as well. He is a first glance boar that you know will suit the masses as he is very eye catching, mobile and athletic. SLOW YOUR ROLL is an exciting red boar bred and raised here in Chalmers in winter 22/23. SLOW YOUR ROLL is a great looking boar that has big feet and legs and knows how to use them. SLOW YOUR ROLL is squareness of travel that has a rear leg to kill for. His dam is 45-7 that is one of the mainstays in our red program. In her first litter she raised Champion Red Gilt and 3rd Overall at NAILE2021. Second litter the Grand Male at Duncan. The third litter 55 which was unfortunate we lost him to soon plus 3 gilts that hit toward the top of there state fairs. A Great producing sow behind SLOW YOUR ROLL and he looks the part as well. To the Moon is no accident and has been hand crafted for the last 20 years. His momma and Gma are mainstays in our program, and when they have piglets we expect great things to come. A male pig identified at birth as one that didn't need to lose seeds and has matured into a very interesting pig. To The Moon has hard to build far reaching pieces that are not easy to be replicated. The shape of his skull, the size and squareness of his chest are To The Moon. His ability to have presence, balance and unique Proportions are To The Moon. His ability have a proper rib cage that's tucked up in his chest and a square edge are To The Moon. Sometimes Shooting to outer space is not all to bad.

KING BOSS was purchased at NSR Fall Classic 2022 after being named Champion by Kent McClemore. Kent's opinion and words on this boar were perfect at a time while lots of discussions and opinions in our industry are happening. KING BOSS was not the biggest, but simply the best according to Kent. In my opinion he offers so much of what we need right now in the Red breed. Simply the ability to outwalk his competition. KING BOSS has big feet and bones. He has a good chest, forearm, rib and muscle yet still maintaining a long neck, great head carriage included with his ability to take a very long, square stride. KING BOSS was not the biggest, simply the best.

FLASHBACK was purchased on the 2023 NSR DRAFT. His look and Design are absolute killer. FLASH BACK is extremely sound with an incredible hind leg. To find a boar that's head and neck carry so hi and a throat latch that is tight and clean ,one would not expect the 55 gallon drum he has for a rib cage. We had a Boar a few years ago called FLASH DRIVE. YEP FLASHBACK has several shots of the old of FLASH DRIVE in him. We Expect FLASH BACK to make cocky barrows and super females both in the ring and crate.

Stay In Your Lane comes from the same dam as Welcome to The Show. This guy is one stout dude. He is potentially one of the biggest legged boars we have in the red breed here in Chalmers. For as dense as he is, he can still take long square strides. He is long fronted, tall shouldered, bold bladed, with rib and body. He has a big back and a long hip as well. I have liked this ones since the crate. CKD

UP THE LIMITS is our \$100,000 purchase at Expo 2022. My good friend Mickey Bellamy asked if I would help with commentating on Walton Webcasting, so I had a good view of the boars coming in. For me his name could have been first sight because he hit me hard. Unlike any I had ever seen in my 20 plus years in the boar business. That night when we got him up that feeling got even stronger. I had to contain myself to not be like the kid in the candy store. I wanted this one. Yes UP THE LIMITS. I knew it would take a lot more than I prefer to spend but he needed to be in Chalmers regardless the figure. Therefore, UP THE LIMITS. This guy defies odds in putting look, build, body cavity, muscle , foot and bone into one incredible package. His ability to have absolute huge bones that aren't short and looking like a true man combined with elegance and athleticism. I am writing this on Monday July 11 and for me whether his name is UP THE LIMITS, First Sight or No Return. This one captivates me. CKD

STROBE LIGHT

IRON HORSE X TAKE ME HOME

BREED	DUROC	REGISTRATION#	432347005	EAR NOTCH	24-5	BRED BY	Earl Cain and Family, IA
-------	-------	---------------	-----------	-----------	------	---------	--------------------------

STROBE LIGHT was purchased at 2022 NSR Fall Classic. I have admired how stout of bone in the Boars that Cain's have brought out this summer out of Iron House. Strobe Light, a son of him has been my pick of all of them. I consider this guy as a great breeding boar. He is stout, square good looking, sound and his forearm and rib are impeccable. He is growing on my biggest critic "Blake" In moving him from isolation to home he started listing all the sows he wanted to breed to him including 92-7 (she seems to be the sow of choice for him) I knew then I had gained approval. Don't forget this name STROBE LIGHT.

BREED	DUROC	REGISTRATION #	428823004	EAR NOTCH	38-4	BRED BY	Doug Stewart, IA
-------	-------	----------------	-----------	-----------	------	---------	------------------

Vegas Odds is a boar that Blake and I found while we were out touring the country side. After some debate Doug was persistent about showing this hog to the public at The Exposition. To be Honest, this pig did not fill up at the show like he was at the farm. This is to our benefit as this pig hit us very, very hard when he was drove out at the Farm. A hog that has great proportions with killer look. When set in motion he stays dead square on both ends with a long hip and proper set to his hind leg. We think this pigs ability to generate livestock with quality and barrow proportions is very high. We are for sure that Vegas Odds are in our favor and plan on utilizing this one heavy in Chalmers.

DOS EQUIS was a private treaty purchase spring of 2022. DOS EQUIS has a lot of the look, extension and stoutness of his sire but the bottom side of his pedigree is where it is for me. Bomb Squad has done a really good job and in my opinion Joe's best pigs have had 69-2 in the pedigree. This guy seen a couple of our very best sows for summer litters.

SHADOW BANNED was an off the farm purchase from Steve Rodibaugh. He has an incredible look with a breeding boar skull. His feet are big, bones are big and he has a big forearm and cage. He also possesses really good muscle. I like the fact that he takes a really long stride off his hind leg with big bones and the muscle he couples with it. CKD

Handy Man was purchased at the Southwest Type Conference where he was named Reserve Champion. Handy Man was my pick of the Boars that day as being the really square, long strided boar that has an impeccable look from the side. I loved his proportions of being good fronted, Barrell ribbed with a long functional hip. His dam is an elite female which brings more value to Handy Man. Handy Man will see plenty of use here in Chalmers. I truly feel he will make Hampshire's better. Owned with Cook Livestock and Scott Graf and Family

COMPROMISE was purchased at the 2023 NSR DRAFT. **COMPROMISE** is a bigger bodied hog that is really square made. **COMPROMISE** was purchased to put on our bigger framed sows that can make them harder muscled. We hope he does exactly what his name is on his offspring here **COMPROMISE**.

How you doing This pigs is hard to describe in many words other then Elite. His mother was the same quality and to date my favorite pig I have ever had a chance to lay a brush on in show shape. How you doing's sister has been tried to get purchased by every single person that has seen her. Bottom line a line of very good animals that bring balance, proportions, and build to an extra high level which is hard to do in this breed. Blake

Blake purchased Lions Den from Brent privately after viewing a very deep litter of Hampshires. Blakes comments to me "This one is your type dad". He was right. This square, good looking boar is very good. I love his angles and length of stride. His shape to his rib, muscle in his top and hip and length of front make this guy one to put on the short list

We do not leave many white down eared ones in tact, but with Hired Gun there was no other option. He has been built to the nines since he was born. In our opinion he is a very high quality animal out of a sow that does not miss. The dam here would be a mate to Swaims Reserve champion at Indy in 2020. She would be more popularly known as the mother of Jane the Cara Greiner gilt of winter of 21-22. We are proud of this pig and can not wait to see what he can do. BD OWNED WITH TRIGGS

WD-40 was the Champion Boar at the 2021 Fall Classic. We think WD-40 is one really good Chester Boar with a lined up pedigree to breed predictable. This guy squareness of build, stoutness of feature, really good and correct muscle design complied with a tremendous look, great skull and a sharp neck. Time will tell ,but I told Blake on 11-3-21 almost 2 weeks after the show that WD-40 may be the Best Chester we have owned. If your Chester program needs some lubrication. WD -40 still works.

Chained Up was purchased as a boar prospect pig this Spring online and is one of the TRUE FINDS Of 2020. Talk about his pedigree's that has a lot of winner's in it. Face down, Sired champion Chester barrow at San Antonio 2020., Champion gilt at Ohio St Fair!! Mother is a whiplash gilt out of \$5500 high seller from C&C Dead End x \$11,000 high selling gilt at OYE few years ago!

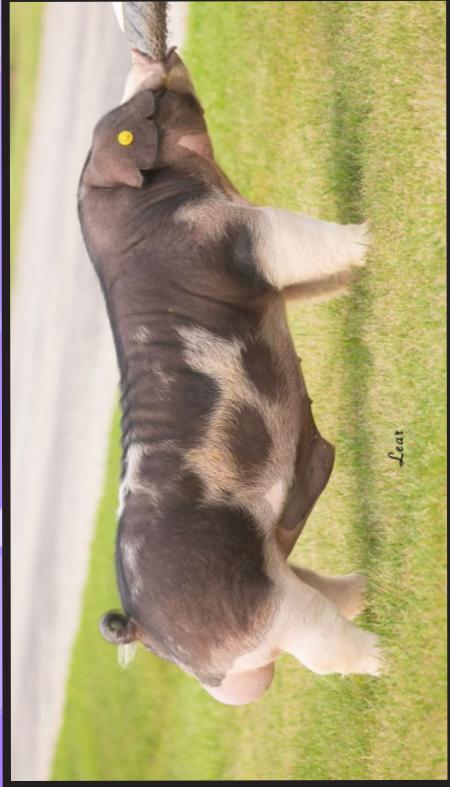

Owned with Nieuhaus and Feldman, Steven Resler and Keith Iberg and Family PPBS JUSTIFIED was purchased at Springfield 2022 as he was the last class winner. I have been looking for this one for over a year now. I like this one for a lot of reasons. His foot and bone work are A plusses. His angles and squareness of build are A plusses. He is tall shouldered, has a great boar breeding skull, super good top line and a balanced look from the side. He comes from a great litter in his sister was champion in the open show at Springfield. a mate Brother was 4th out spot at Expo and one gilt retained at home to make a sow. JUSTIFIED has me very excited to make our spot sow herd better, as he comes from a really good dam that was champion in MO in 2020. This guy is flat out JUSTIFIED. CKD
